AT-599I Luxury Massage Chair

The Luxury Massage Chair is controlled by a microcomputer that performs a variety of intelligent massage techniques and combinations that are designed to soothe sore muscles, alleviate stress and fatigue, increase metabolism and energy, and improve blood circulation.

01 Luxury Features

- Auto-scanning automatically or manually customizes a personal massage specifically for each user.
- Invigorating air pressure system in seat and calves.
- Six pre-programmed massage sessions with customizable speed, width and intensity.
- Ability to manually program any combination of massage techniques and to adjust rollers to desired location for kneading and Tapping techniques.
- Fifteen-minute program duration with automtic shut off.
- User-friendly LCD remote controller.
- Ergonomically designed for optimum comfort.

02 Safety Precautions

When using the massage chair, basic precautions should always be followed to reduce the risk of electric shock, burns, fire or injury to persons. Please read the following precautions before using the massage chair.

- Make sure the power plug is securely inserted into a proper electrical outlet to reduce the risk of short-circuit and fire.
- Always unplug the massage chair from the electrical outlet immediately after using and before cleaning.
- DO NOT use the massage chair in areas where the humidity is high such as a sauna or steam room.
- DO NOT use the massage chair outdoors and avoid areas with direct sunlight.
- If the electricity is off, turn the power switch to the OFF position and unplug the massage chair form the electrical outlet to prevent any damages to your chair when the electricity comes back on.
- Never plug/unplug the power cord plug socket with wet hands.
- Close and continuous supervision is necessary when the massage chair is used by, on or near children or disabled persons.
- No more than one person should use the massage chair at a time.
- The massage chair is intended to be used as described in the Instruction Manual. Do not use any attachments other than those recommended.
- If the supply cord is damaged, it must be replaced by a special cord or assembly available from the manufacturer or its service agent.
- DO NOT attempt to stand or sit on the backrest or footrest in order to prevent accident, injury or damage to the chair.
- Avoid falling asleep while using the massage chair.
- Always keep the massage chair clean, and never insert any objects into or around the gaps of the massage chair.
- DO NOT move the massage chair by pulling on the power supply cord.
- Make sure there are no children, pets or other obstacles behind or underneath the massage chair.
- If you find any rips or tears in the fabric of the massage chair contact our service department.

- This massage chair is designed for household use and should not be used in non-residential settings.
- Please consult your doctor if you are in doubt as to whether or not you should use this massage chair.
- Please consult a doctor before using the massage chair if you are pregnant, undergoing any medical treatment, using a medical electronic device such as a pacemaker, or are experiencing any of the following: Malignant tumor, heart disease, back pain, abnormal or curved back bone, osteoporosis or acute illness.
- If you experience pain while using the massage chair, stop using it immediately and consult your doctor.
- Never use a massage function on swollen or inflamed parts of the body.
- DO NOT use the massage chair for more than 30 minutes at a time.
- DO NOT use the massage chair where aerosol (spray) products are being used or where oxygen is being administered.
- This massage chair is a non-professional product designed to provide a comfortable massage and should not be substituted for appropriate medical treatment.

MASSAGING POSITION

04 Chair Installation

Step 1:

When setting up the chair, make sure there is at least two feet of space behind the backrest and two feet of space in front of the footrest.

Step 2:

Insert the wire plugs into the seat as demonstrated in PIC 1.

Note: Insert black to black and gray to gray, otherwise damage to the chair may result.

Step 3: Unfold the backrest until you hear a "click" sound.

Step 4:

Attach the backrest pad and the pillow pad with the zipper, hook and loop fasteners.

Step 5: (Optional) Remove the spare pad located in the backrest cover for a deeper massage.

05 Moving the Chair

- 1. Restore the footrest to its original position.
- 2. Hold down on the top of the backrest and tilt approximately 45 degrees. Move the chair using the wheels as the fulcrum.

Note:

- 1) Always return the footrest to its original length and restore it to its original position before moving the chair. Otherwise, injury during movement may result.
- 2) Do not move the chair while a person is seated on it.
- 3) Place a mat on the floor and gently roll the chair over it to avoid damaging the floor.

06 Grounding Instructions

Fully insert the plug into an appropriate outlet.

An improper equipment-grounding conductor may result in electric shock. Contact a qualified electrician if you are not sure that the product is properly grounded. Do not modify the plug that is included with the massage chair. If the plug does not fit the outlet, contact a qualified electrician to install an outlet to fit the massage chair plug.

09 Troubleshooting & Product Maintenance

This massage chair is controlled by a microcomputer and is susceptible to power surges of +10 to -10%.

The following situations may display in the event of a power surge:

Situation	Solution
The massage chair is connected to the power supply but is not functioning.	 Check to see that the plug is well connected and working. Make sure that the massage chair switch is turned to the "I" position.
The remote control works, but the massage chair is not functioning.	The massage chair may have overheated due to prolonged use. Turn off the power and allow the chair to cool for 30-50 minutes.
Both the remote control and the massage chair are not functioning.	 Make sure the chair is plugged into a working outlet. Turn the power OFF and then ON again.

10 Warnings

- * Do not use water and other cleaning detergents on the massage chair.
- * Do not stack, stab, slit or harshly pull on the surface of the massage chair.
- * Gently press the buttons during operation and avoid hitting the buttons with hard objects.
- * Pull out the power supply plug after each use.
- * Do not use the massage chair for more than 30 minutes at a time.
